Thank you Rudy. This is consistent with the statement that we have seen elsewhere as well. --George

Tom.,

Below is the latest information regarding grants. I will keep you up-dated; I coordinated with program and HQ staff. Any new information will be passed along as I receive it. Thanks.

EPA staff have been reviewing grants and contracts information with the incoming transition team. Pursuant to that review, the Agency is continuing to award the environmental program grants and state revolving loan fund grants to the states and tribes; and we are working to quickly address issues related to other categories of grants. The goal is to complete the grants and contracts review by the close of business on Friday, January 27.
